No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                          US-09-438-185A-1047

Patent No. 5300436

GENERAL INFORMATION:

APPLICANT: GOLDSTEIN, Menek

APPLICANT: WIL, Jing

APPLICANT: FILER, David

APPLICANT: FILER, David

APPLICANT: FILER, GENETICALLY

TITLE OF INVENTION: GENETICALLY

TITLE OF INVENTION: HYDROXYLASE AND US

TOTHER OF SEQUENCES: 13

CORRESPONDENCE ADDRESS:

ADDRESSEE: BROWDY and NEIMARK

STREET: 419 Seventh Street, N.W., Su
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       COMPUTER READABLE FORM:

MEDIUM TYPE: Floppy disk
COMPUTER: IBM PC compatible
COMPUTER: IBM PC compatible
COMPUTER: IBM PC compatible
OPERATING SYSTEM: PC-DOS/MS-DOS
OPERATING SYSTEM: PC-DOS/MS-DOS
OPERATING SYSTEM: PC-DOS/MS-DOS
OPERATING NETE: PS-DOS/MS-DOS
OPERATION SYSTEM: PC-DOS/MS-DOS
OPERATION NUMBER: US/08/009,075
FILLING DATE: 199310126
CLASSIFICATION: 435
ATTORNEY/AGENT INFORMATION:
NAME: TOWNSEND, GUY K.
NAME: TOWNSEND, GUY K.
NAME: TOWNSEND, GUY K.
